

### **Financial Responsibility for Damage**

I assume full responsibility for any and all costs related to the damage of any SUP boards or paddles I rent, transport, and use during an unsupervised or "Open" rental. Open Rental refers to any time I rent, transport or use rented SUP Sports equipment without a lesson or guide.

### **Safety and Etiquette**

I hereby verify that I possess the swimming skills needed for this activity and fully understand that paddle boarding on the ocean can be dangerous and potentially deadly. I also understand and verify that I have a complete understanding of surfing knowledge and etiquette or will make an effort to educate myself before entering the water/surf with this rental SUP equipment. You must be able to swim and be in good physical condition without any conditions that may make it unsafe for the paddler or others.

Please do not insist on participating in stand up paddling or paddle surfing if you are not a good swimmer or if you have any health issues. Do not coax others to participate who may not be up to these safety standards. Anyone renting from s is required and agrees to wear a securely fastened PFD and board leash at all times on the water.
